

Worksmart – Accepted Into The 2021 RegTech100 Directory Of Global Providers

The REGTECH100 is an annual directory of 100 of the world's most innovative RegTech companies.

This directory is more important than ever financial institutions grapple with the unrelenting pace of regulatory change across the UK and other jurisdictions. According to data published by RegTech Analyst, the producers of the directory, over \$5bn has been invested in RegTech companies in 2020 alone. And, the compliance challenges have only been exacerbated by the shift to remote work during Covid-19.

RegTech Analyst director of research Mariyan Dimitrov said:

“This year's process to identify the 100 RegTech innovation leaders was more competitive than ever. A panel of analysts and industry experts voted from a longlist of over 1,000 companies produced by RegTech Analyst. Sixty-two new companies have entered the RegTech100 for 2021 and the 100 companies are recognized for their innovative use of technology to solve a significant industry problem, or to generate efficiency improvements across the compliance function.

Banks and other financial institutions need to be aware of the latest RegTech innovation in the market in order to avoid new compliance risks and stay competitive despite new regulation and the challenges of the post Covid-19 world. The RegTech100 list helps senior management filter through all the vendors in the market by highlighting the leading companies in sectors such as identity verification, risk management, communications monitoring, information security and reporting.”

Andy Nightingale, Worksmart's Managing Director, responded:

“From our earliest days, we have worked hard to listen to customers, work with trade bodies and respond to the regulator's guidance, to develop innovative RegTech solutions. Using this understanding, we have to develop a sustained programme of investment in our underlying platform, our solutions and our information security. These have been the twin foundations of our progress as a company and I'm thrilled that our efforts have been recognised through being accepted into the 2021 RegTech100 global directory.”

To find out more about us and how our solutions could help your firm, why not arrange a no obligation meeting with one of our team.
